**THE OREGON BILL.**—April 18, 1846. The Senate did not sit.

The House of Representatives passed the "bill to extend the laws and protection of the United States to citizens in the Territory of Oregon, and to establish a mail route to and through the same," by a majority of 104 to 64.

The bill extends the laws of the Territory of Iowa, and the jurisdiction of its courts "over all that portion of the territory of the United States which lies west of the Rocky Mountains."

"Provided, That this act shall not be construed nor executed in a manner as to deprive the subjects of Great Britain of any of the rights and privileges secured by the treaty signed at London, October 20th, 1818, and continued in force by the treaty of August 6th, 1827."

It makes that country one judicial district, and authorizes the appointment of an additional judge to preside in said district, and such number of justices of the peace as may be deemed necessary:

"Provided, That any subject of Great Britain who shall be arrested under the provisions of this act, for crime alleged to have been committed within the territory of the United States west of the Rocky Mountains, while the same remains free and open to the vessels, citizens and subjects of the United States and Great Britain, pursuant to stipulations between the two powers, shall be delivered up for trial, on proof of his being such British subject, to the nearest and most convenient authorities having cognizance of such offence by the laws of Great Britain."

It further declares that provision shall hereafter be made to secure to every white male and female emigrant over 18 years of age, 320 acres, and under 18, 160 acres of land, in that Territory. It authorizes the appointment of a superintendent of Indian affairs and Indian agents; the erection and supply of block-houses; stockade forts, and other military posts on the route from fort Leavenworth to Astoria; and the trifling sum of \$100,000 is appropriated to carry all these things into effect.

In the Senate, to-day, the report of the committee of conference was received, recommending the adoption of the "joint resolution," substantially as passed by the Senate; and was concurred in by a vote of 42 to 10; and before the adjournment, a message was received from the House, informing the Senate of its concurrence also in the report of the committee.

Mr. J. M. Clayton resumed and concluded his remarks in favor of the bill to indemnify claimants for French spoliation prior to the year 1800.

In the House, the Smithsonian bill was debated some time in committee, and its further consideration postponed until Monday next.

The committee of conference on the joint resolution of notice made a report, which was concurred in.

The Senate was not in session to-day.

The House, after passing, in a substitute form, the bill relating to the licensing of canal boats, went into Committee of the Whole on the state of the Union, and spent the day in debate on the bill making appropriations for the Post Office Department. [Union, 24th ult.]

## FOREIGN ITEMS.

**WARLIKE PREPARATIONS.**—The greatest activity continues in all the dock-yards in England, and the recruiting for the army is still going on with great spirit. 6000 soldiers were ordered to India, 3000 of which were to proceed by the overland mail route. It is now stated that order will be rescinded.—There is a rumor current that an additional number will proceed to Canada.

Captain Jerminham has invented a plan for the relief of persons on board of stranded vessels, by the projection of an ingeniously constructed anchor and rope from a mortar, so as to afford the means of reaching land.

Some of the rich Polish nobles resident in Paris sold shares in the French railways to the amount of £80,600 sterling, to send the proceeds to their insurgent countrymen.

In a late number of *La Hesperia*, the editor remarks that the Senate of the United States is proceeding with great caution in the consideration of the Oregon question—an opinion very prevalent in our own country.

The whig members of both houses of congress have waited in a body upon Daniel Webster, to testify their admiration of the man, and their disbelief in the charges recently preferred affecting his integrity.

**POSTAGE.**—The committee on post-offices and postroads, in the house of representatives, has avowed its readiness to report a bill to increase, to some extent, the present postoffice rates.

The Secretary of the Navy has made a contract with Captain George W. Taylor, the American diving-bell and sea-bottom exploring man, to proceed with his powerful apparatus to Gibraltar, for the purpose of raising the steamship Missouri.

## PETERS PILLS.

IF there was ever a medicine that merited the public praise for the good it has done in relieving the sick and the distressed, it certainly must be Peters' Vegetable Pills: it would take a volume to contain all the complimentary evidence in their favor. Those who have once tried these pills know how to appreciate their good qualities. To those who know nothing of their excellence as a medicine the proprietor would submit the following letters and certificates:—

## TESTIMONIALS OF CURES.

Had there been but space sufficient, the proprietor might insert hundreds of letters under this head, but as it is, he can only find room for a few of the shortest.

ALBANY, N. Y., Jan. 1, 1838.

Sir—I take much pleasure in bearing testimony to the efficacy of your pills in removing bile from the stomach, and in all complaints emanating from that source. Yours, respectfully, GEO. HULL, M. D.

Dear Sir—I have made a frequent use of your pills in the incipient stage of Bilious Fevers and obstinate constipation of the bowels, also in the enlargement of the Spleen, Chronic Diseases of the Liver, Headache, General Debility, and in all cases have found them to be very effective.

J. D. BOYD, M. D.

MECKLENBURG Co., Va., Feb. 7, 1837.

Having used Dr. Peters' Pills in my practice for the last twelve months, I take pleasure in giving my testimony of their good effects in cases of Dyspepsia, Sick Headache, Bilious Fevers, and other diseases, produced by inactivity of the liver.

They are a peculiarly mild, yet efficient purgative medicine, and produce little, if any, griping or nausea. I have prescribed them with much success in sick headaches and slight bilious fevers.

Extract of a letter by Dr. Joseph Williams, of Burlington, Vt., July 10, 1837.

"I cordially recommend Peters' Pills as a mild effective and in no case dangerous family medicine. They are peculiarly influential in costiveness and all the usual diseases of the digestive organs."

## DR. TYLER'S

VEGETABLE FEVER AND AGUE PILLS.

THE GREATEST REMEDY.

A certain, safe and effectual cure for Ague and Fever, in all its varied forms. Also, an excellent Tonic in Dyspepsia, Palpitation of the Heart, Loss of Appetite, Neuralgia, Nervous and other diseases which arise from a weak and debilitated condition of the system.

The success of these pills in curing in a few hours, where all other remedies have failed, and that too, in cases of twelve and eighteen months' standing, warrants the assertion that, if taken according to the directions, they are a certain cure. A long list of certificates in proof of their infallibility might be added, but those upon the directions are deemed sufficient. Try them and be convinced that they are the most effectual and most certain, and the very best remedy ever offered to the public, to insure a permanent and lasting cure.

BALTIMORE, Dec. 12, 1845.

Having for several years past suffered under repeated attacks of chills and fever, especially during the fall and spring months, I was induced to try various remedies, but nothing seemed to be effectual, until I tried Dr. Tyler's ague and fever pills, which stopped the chills before I had taken half the box. This was over a year since, and I have remained perfectly free from any symptoms of a return to this most loathsome disease.

GEO. M. WATT.

BALTIMORE, Dec. 15, 1845.

Dr. G. K. Tyler:—Dear sir: It is with great pleasure that I announce to you a perfect restoration of my health by the use of your invaluable pills. I had been suffering from Chills and Fever for eighteen or twenty months, during which time I took five bottles of Rowland's Tonic Mixture, Dr. Sherman's Fever and Ague Lozenges, Dr. Love's Vegetable Elzic, Keener's Powders, Barks, Quinine, Thompsonian Medicines, Arsenic, Herbs, and in fact almost all the popular remedies I could hear of; and yet received no lasting benefit. The chills were stopped by Quinine and other things, but after a few days or weeks they would return again as bad or worse than before. Towards the last, the chills came only every third day, and these were followed by fever of such severity as to affect my reason, and it was found necessary for someone to watch with me until the paroxysm passed off. At last I procured a box of your pills, and only took four of them; this so completely stopped the chills, that I have never had a return of them up to this time, (nearly two years,) and near a year of this time was passed in the same place where I first caught the disease.

That my case is not one cured by chance, is proven from the fact that four pills out of the same box cured Capt. Reuben Banks, so effectually that he has never had the disease since, whereas before he often suffered from it. Two other persons were also cured by the contents of this same box, and they neither of them had had a return of it, although they both reside where they are exposed every season.

I know several others who have been cured by your pills, but it is unnecessary to detail their cases. The best certificate of their efficiency in Chills and Fever, will be a few doses, and if they are as beneficial to others as they have been to me, they may be truly called a public blessing.

I am with much respect, your obedient servant, HENRY BRISCOE.

DR. J. A. NASH

WOULD most respectfully inform the citizens of Attala and the adjoining counties, that he has just received from Cincinnati, Ohio, and will continue to receive, as they are demanded, fresh and genuine Botanic Medicines, many Compounds and mixtures of purely Botanic Medicines that have never before been offered for sale in this country; and for cash will sell to families genuine Medicines cheaper than any Botanic Medicines previously sold in this country, and for a small fee will give out such directions with the medicines as to enable families to manage all ordinary sickness without the calling of a Physician. He will keep constantly on hand cathartic anti-bilious and quinine pills, ague tonic, cordial for diarrhoea, compound syrup of sarsaparilla, hepatic liquid, No. 6 emetic tinctures, female bitters, &c. &c.

In confirmation of the efficacy of the above Medicines, when rightly and timely administered, he would remark, that he has administered the above Medicines to upwards of two hundred patients within the last twelve months, without the loss of but one single patient, where he attended from first to last.

It affords me pleasure unspeakable to console myself with the idea that the success that has attended my former practice speaks a glorious and successful future for

## Storage! Storage!

THE subscriber respectfully informs the Merchants and Planters of Mississippi that he has built a large and commodious Wharf Boat, and is prepared to receive and forward all kinds of merchandise entrusted to his care.

The public must be aware that it often happens for boats to arrive at night and discharge freight, principal y when bound up, and goods are in many instances damaged by being left in the rain or mud for hours before merchants can get drays to take them away. This difficulty is entirely removed with the subscriber, who receives the goods on his Boat from the Steamboats and keeps them there until called for by the owner. Persons visiting the city are invited to call and judge for themselves.

Charges for receiving and forwarding, ten cents per package only, without any extra charge for drayage or labor.
